

# MONTAGEMULIGHEDER

Oftentimes there is a need for innovative solutions when new altans are installed. All altan solutions from Hi-Con are unique, and it is a part of our engineering to identify the best installation solution.

Here are three basic principles, which can be used individually or in combination:

**Montagetypen A:** Egnet til plane altanplader

**Montagetypen B:** Altaner med brystninger og stag

**Montagetypen C:** Altaner på søjler
