

DLG SILO - AALBORG, DK

BALCONIES IN HIGH PERFORMANCE CONCRETE

FACTS

Year:	2017
Architect:	C.F. Møller A/S
Contractor:	A. Enggaard A/S
Engineer:	Niras
Developer:	Himmerlands Boligselskab
Location:	Østre Havnegade 40 9000 Aalborg

The balconies provides the residents of the new DLG-Silo with a spacious outdoor area with a beautiful view of the Limfjord.

The balconies consist of both "box elements" and "plate elements" in grey CRC i2® High Performance Concrete.

Hi-Con has delivered a total of 37 box balconies and 10 balcony slabs to the project.

For further information about the project visit www.hi-con.com
